

Medcom Compliance Bridge

Compliance Simplified

A Streamlined Communication Platform

- **Real time updates and instant 24/7 access** to all Medcom compliance services
- **Compliance checklist** with 30 questions to ensure all bases are covered for all clients
- Get **quotes, proposals, and place orders** in seconds
- **Tracking and communication** tools keep up to date on all current compliance projects
- Service reminders for previously completed projects to ensure **gap-free compliance coverage**
- **Schedule compliance meetings** with our experienced team of seasoned compliance experts at the click of a button
- A **secure online repository** to house each client's data and documents
- New **marketing materials** and **training videos** always being added
- Our new **auto-renew feature** renews services for your clients that must be filed annually

Simplicity at your fingertips

On the Medcom Bridge you can...

- Request a proposal and get it instantly
- Convert that proposal to an order with one click
- Get a comprehensive 'report card' on your client's compliance whenever you need to track their progress
- Run personalized reports on your clients and the compliance services ordered for them

Without ever leaving the site!

We are here to help you!

Our compliance and bridge teams work to make the process easier for you!

Reach out to schedule a Bridge demo with your team and get your personalized log-in.
