

Compliance Simplified with the Medcom Bridge

Ready to experience the Bridge?
Fill out our credential access form:
<https://bit.ly/bridgeaccessrequestform>

The **Medcom Bridge** is your all-in-one platform for streamlined, broker-focused compliance support built with tools to keep you organized, save time, and ensure your clients are covered every step of the way. Explore the features built to support your success:

Real-time updates and **24/7 access** to all Medcom compliance services

30-point **Compliance Checklist** to cover all bases for your clients

Instantly **generate quotes, proposals, and place orders** in just a few clicks

Secure document vault for client data and key documents

Track all compliance projects and run personalized reports

Service reminders for gap-free coverage

Access to **training videos & marketing materials**

Book appointments with a Compliance Account Manager

Streamlined, modern interface for easy navigation

Easily manage your **Form 5500 filings** by uploading schedules, requesting schedules from carriers, tracking requests, and accessing critical documents, all in one place
