

Why ACA Requirements Matter

Applicable Large Employers **MUST** furnish Form 1095-C to Employees or pay heavy penalties!

- Must provide to employees by 1/31 for previous tax year
 - Must file with Form 1094-C with IRS by 3/2 electronically
 - If mailing, must submit by 2/28
 - Only for groups under 10 forms
 - LEGALLY REQUIRED UNDER IRS §6056
-
- The IRS tracks number of employees based on W-2s submitted
 - IRS assesses penalties based on how many W-2s are file
 - Employers face a fight with the IRS to reduce the penalty to actual amount
 - This may also trigger a full-blown IRS audit
